

Raw PDF Dataset Link

The raw research paper dataset contains approximately 100 PDF files. The full ZIP file was too large to upload directly to GitHub, so it was uploaded to Google Drive instead.

GitHub Repository Note

Only the processed dataset files, such as **chunks_final.csv**, are included in the GitHub repository. These processed files were generated from the original PDF papers and are the main files needed for the retrieval, AutoML, and online learning parts of the project.
